## STATEMENT DIAGNOSTICS CASES follow-up

Has fulfilled the requirement of psychodiagnostics cases under the supervision of the above supervisor:

- has conducted the test taking and reporting of at least 2 psychodiagnostics cases under the supervision of the above-mentioned supervisor;
- which are no more than 2 years old at the time the present statement is signed off
- the applicant has taken both 1) self-report questionnaires in the relevant cases together, 2) performance tasks and 3) interpretation and observation instruments. A total of two cases is sufficient if each case covers at least two categories;
- the applicant set up the relevant cases in accordance with the hypothesis-testing model (in accordance with the BAPD NIP or BAPD NVO format), in which the hypotheses and assessment criteria are systematically elaborated and substantiated with empirical and theoretical sources, and the person reflects on the choices made during the diagnostic process, including his or her own professional and ethical conduct;
- in the opinion of the supervisor, the applicant has demonstrated sufficient quality level (entry level GZ training) to be able to reproduce the steps of his/her own diagnostic reasoning process;
- and the reports concerned at the time of signing the present declaration for one anonymised for one year for possible review by the VLOGO.
